Greetings

Here is quick answers to the questions you asked:

- 1- the fill material came from one of County's Flood Control job sites in Mill Valley. The work was done as an emergency measure by County Crew
- 2- the cause of the partial failure of the levee is old age and lack of maintenance by us
- 3- the location of the partial failure was nearest to the end of the runway. This levee is owned and maintained by the County of Marin

take care

Ms. Stewart (Executive Assistant to Farhad Mansourian):

Due to my (I thought) repressed frustration, coupled with your attitude and threatening to hang up on me, I believe it is in OUR best interest to communicate
